VACCINATING.

Since smallpox has become prevalent throughout the country vaccination is a necessity. Five hundred pupils were vaccinated in one day at a California college recently, and a rule was passed whereby a pupil was subject to expulsion from the institution if he could not produce a certificate of vaccination within a given time, and time was limited. It is the best preventative of the scientific world as learned through long years of experience and suffering, and as stated by a local physician, it cannot be overdone. If the patient is not subject to infection from vaccination he is in no danger of taking the smallpox.

There has been a few deaths from varioloid through vaccination but the number of lives saved through it out numbers the loss of life from vaccination so largely that the matter is no longer open to discussion. The rule for vaccinating is, however, very well established among physicians, and they are the best authority on those questions. There are those who do not believe in vaccinating or any other established custom, far as that is concerned, but they are few. From an interview with a number of our prominent physicians it seems to be the consensus of opinion that on the appearance of a new epidemic persons should vaccinate, provided they should not have been successfully vaccinated within a reasonable time. Some say that this should be done within the space of six months. Others give more time and others claim still less time. If it does not take it is all the better, for the patient is assured that he is safe from the disease. If one has been successfully vaccinated within a reasonable time and is in good health he is ordinarily safe, but there is no harm in vaccinating again. The trou-

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood mark and mar the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good your medicines have done me," writes Mr. James M. Sizemore of Mitchell, Lawrence Co., Ind. "Box 50. I was not well for two years. My throat was always sore, head ached, and back ached nearly all the time. My weight was 135 pounds. I was taken sick with typhoid fever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a trial of his Pleasant Pellets. I discontinued the use of my doctor's medicine and began with the Golden Medical Discovery and Pellets. I at once began to feel better. The pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets. I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 154 pounds and feel better than ever in my life."

Dr. Pierce's Pleasant Pellets cure constipation.

Paine's Celery Compound

Triumphed After the Failure of Physicians.

Celery Compound? CURETAINET N OI Mrs. Tallman, of 191 Redmond St., New Brunswick, N. J., grateful for the rescue of her little boy from suffering and death writes as follows:—

"I have used Paine's Celery Compound for our little boy. He had been under the doctor's care for five months, but did not seem to get much better. The physician said the child had spinal trouble. He is three years old and was too weak to sit up long at a time. We bought a bottle of Paine's Celery Compound, and before it was half gone, we saw a big change in the boy. He is now real fat and strong, and can walk all around the house, and has red, plump cheeks. Paine's Celery Compound cured him."

In the face of such testimony who can deny the fact that Paine's Celery Compound restores to strength, vigor, and new life? Hundreds of such letters as Mrs. Tallman's are on file for the inspection of doubters.

When your children are weak, run down, nervous, fretful, despondent, have loss of appetite, slow circulation of blood, give them Paine's Celery Compound for a week or two, and note well the cheering results in returning health and vigor. We strongly urge the immediate use of the great medicine for all sickly and weak boys and girls.

A new effect in hat crowns has been termed a "freak." It is made of leather tinted to resemble marble, and fastened to the straw brim by a colored ribbon.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, but I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Hart's drugstore.

PRACTICALLY STARVING.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you.—Charles Rogers.

Mr. Cleveland is not troubled because Mr. Bryan called him a "political non-entity." It is worse to be one than to be called one.

PROTECTION FOR PUBLIC MEN.

An Austrian inventor has perfected a garment which, it is claimed, will resist a knife thrust or a bullet from an assassin's pistol. Its adoption will furnish wonderful protection to rulers and public men, and while it is necessary to protect their bodies from harm on the outside, it is infinitely more important to protect them from serious danger on the inside, such as may arise from a disordered stomach, weak kidneys or impure blood. The best health maker and protector known to science is the old reliable Hostetter's Stomach Bitters. For 50 years it has been making sickly people well by curing all such ailments as sick headache, indigestion, dyspepsia, flatulency and insomnia. It is also a splendid spring tonic and blood purifier, and should be in every household.

FO TO THE COMPLEXION.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. Hooper, Albany, Ga., says: "I took De Witt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never grip or distress. Safe thorough and gentle. The very best pills made. CHAS. ROGERS.
